

K-LOVE is an important asset to the community and replacing it with an LPFM broadcast would be a disservice. I believe K-LOVE provides a family -safe, positive message to encourage the entire communitiy. For the public interest, it encourages people to get involved and make a difference in their lives and in the lives of the people around them. I encourage you to keep K-LOVE on the air so that everyone may have the choice to listen and be changed in a positive way. Thank you.
